NEWS & STORIES

Tony's Chocolonely

100% slavery-free chocolate

That's the vision of Tony's Chocolonely. With their five principles, the founders want to create fair working conditions and payment in the chocolate industry for all participants. With that, they set a good example for everyone.

► page 52

Plant-for-the-Planet

True heroes

Trees as a „time joker“ against climate change. A part of the sales from the Change Chocolate goes into the children and youth initiative Plant-for-the-Planet. These funds are utilized to plant new trees on the Yucatán Peninsula in Mexico. The founder of Plant-for-the-Planet, Felix Finkbeiner, was named the official ambassador of goal number 15 of the 17 goals of the United Nations (SDGs) in 2020.

Rettergut

No more wasted food

Just because it doesn't look perfect, doesn't automatically mean it won't taste as good. That's the motto of the young group of guys from Rettergut in Berlin. Their goal is to stop the ongoing food waste. Tons of food are being wasted annually, because it is not fully conform with certain "standards". Rettergut starts, where others sort out: They create delicious products with food, that would have been thrown away no matter what.

In 2007, nine-year-old Felix Finkbeiner started a worldwide movement just by giving a presentation at school. Today, the project is supported by politics, companies and celebrities. THE GOAL: To plant 1 000 billion trees on the planet, to compensate for the CO₂ we produce.

With the help of many adults, companies and governments, Plant-for-the-Planet youths have already planted more than 13,6 billion trees in 193 countries. On the Yucatán Peninsula in Mexico, Plant-for-the-Planet plants a new tree every 15 seconds. The project shows, how easy it can be, to plant a large amount of trees in an efficient manner.

In academies all around the world, children teach themselves to be a Climate Justice Ambassador – over 88 000 children from 74 unique countries are already part of the team!

THE CHANGE CHOCOLATE

Earnings from every bar go towards our children and youth initiative Plant-for-the-Planet. The new trees we plant absorb CO₂ from the atmosphere, store the carbon inside and release oxygen. Also, the production is climate neutral and the chocolate is Fairtrade-certified.

Packaging made from FSC®-certified paper.

100% GOOD. 100% DELICIOUS.

What's good about the Change Chocolate? Everything! Every piece of chocolate is good for something, literally. Below, the pieces themselves tell you what they do:

METHOD OF PRINTING:

We work with the following methods of printing:  
Flexo printing (flexible materials)  
Pad printing (tins)  
Offset printing  
digital printing  
(Silk Screen printing upon request)  
  
In the above mentioned printing methods positioning deviations may occur due to technical grounds. With flexo printing positioning deviations may occur in the motif up to 0,5 mm

FORMAT OF FILES:

Preferably: Adobe Illustrator (CC), Adobe Photoshop (CC) or Adobe InDesign (CC).

RESOLUTION:

Required resolution for motifs: minimum 300 dpi  
Required resolution for non-screen and screen motifs: 1200 dpi. Please provide vectorized files.  
  
Lettertypes: if not vectorized please provide the corresponding lettertype format file.

COLOURS:

We work partly with translucent colours. These translucent colours may not cover completely the surface below and a white under layer is often necessary to obtain the required colour.  
  
Please let us know the exact colour required. We work with HKS and Pantone colours. We do not work with RAL colours. We can approximate RAL colours (according to Pantone or HKS colours). Letterheads, business cards and brochures can be used as colour artwork. The print result may vary according to the material used. We will try to match colours, but do not take responsibility for the result obtained if detailed HKS or Pantone colours are not provided. Variations in the nuances of the Pantone and HKS colours are no grounds for a claim.  
  
Each motif and each product will be handled individually. It is not possible to assume all eventualities in written form. Here and in the technical data sheets is written basic information only, for which we cannot take full responsibility. We are happy to advise about the product and the motif. It is not possible to advise without the print motif, therefore the print motif is required before any offer advice is offered.  
  
No film or artwork is to be prepared with a raster motif without prior consultation.  
  
A copy of the motif as colour artwork is required when data is sent digitally. The colours have to be colour binding. Printing is not possible without paper artwork or colour binding artwork.

FOOD INFORMATION REGULATION:

Since December 13, 2014 the rules of EU-regulation 1169/2011 concerning the Food Information Regulation (LMIV) have to be observed. This regulation includes the ingredients list, the labeling of allergens, the product name (within the visual area), the net quantity (within the visual area), the best before date as well as the full name and address of the distributor. All legal requirements have to be printed clearly and readably with a minimum font size of 1,2 mm related to the letter „x“. As soon as the maximum surface area of the packaging is less than 80 cm², the minimum font size is 0,9 mm. Concerning smallest packaging - that is less than 10 cm² for the maximum surface area - only the most important legal requirements (such as the product name, the net quantity, the best before date) have to be mentioned - however in the font size of 0,9 mm related to the small x.

DELIVERY QUANTITY VARIATIONS:

Variations in the quantity delivery of up to 10% may occur. This is unavoidable.

PERISHABLE FOODS:

Perishable foods are non returnable. Please inspect the merchandise upon receipt and inform us immediately or within 24 hours if there is a problem.  
  
Subsequent claims cannot be accepted. As soon as the goods leave our premises, they are no longer our responsibility. Neither qualitative nor legal responsibility can be taken concerning the food.

DAMAGE OR LOSS:

Damage due to transit and delivery are to be noted on the consignment note upon receipt of the goods and are to be confirmed and signed by the carrier. Pallet damages which have not been noted on the consignment note cannot be considered as shipping damages. Attention should be made upon delivery of the packaging. Irregularities are to be noted and photographed immediately.

DELIVERY TIME:

The date/week of dispatch is considered as the delivery date or delivery week, this is not to be confused with the date/week of arrival.  
  
An arrival date/week cannot be confirmed and is therefore not binding. Once the goods have been handed to our forwarding agent, the transit time required by our forwarding agent is not our responsibility. A forwarding agent may be stipulated by yourselves.  
  
A fixed delivery date can not be confirmed, however, in the case of a fixed delivery date we hold no responsibility for the forwarding agent.  
  
This will depend upon the date of printing approval from yourselves and not upon receipt of artwork. We will not print without any printing approval. No delivery time will be confirmed without any printing approval. Any corrections made must be corrected by our appointed graphic designer. A new copy of the corrections will be sent to you for acceptance and must receive a final approval before printing commences.

CORRECTIONS:

Please read through the corrections thoroughly. If you cannot recognise a part of the copy please contact us. Once the text has been approved for printing we are not responsible for errors overlooked by yourselves. Approval for printing is a mandatory part of an order.  
  
In case of cancellation, costs incurred up to approval for printing are to be paid. Colours variations for reprints may occur due to technical grounds and are unavoidable. Variations in the nuances of the Pantone and HKS colours will not be recognised as part of a claim.  
  
Two corrections may be made at no extra cost. In the case of a third or more correction we have the right to charge a fixed amount. We recommend you contact us before the production of the print files. Therefore unnecessary costs will be avoided.  
  
Assistance can be offered throughout layout proposals. An offer concerning these costs will be made after the calculation of expenditure.  
  
An original print samples is possible, this will be charged according to the motif. However, a print sample will delay delivery time.
